

Cisco WxC CPE Announcement

WxC Carrier – New Yealink CP930W DECT Conference Handset

Service Platforms:	Webex Calling Carrier
Markets:	NAMER, CANADA, EMEA, APAC, FED
Release Timing:	Tuesday May 26 for WxC Carrier
Information:	<p style="text-align: center;">Yealink CP930W DECT Conference Phone</p>  <p>Employing DECT technology, the Yealink CP930W Wireless DECT Conference Phone allows you to hold meetings wherever or whenever is convenient for you. Working with Yealink W60B base station, which owns the DECT radio coverage up to 50m indoors, CP930W can be provided with good and stable signal. Thanks to its built-in battery and the DECT technology, CP930W entirely frees you from the network and power outlets troubles, giving you a tidy conference table with only one elegant CP930W. Also, its built-in rechargeable battery ensures up to 24 hours of call time and 15 days of standby time, guaranteeing a long working time without recharging and making CP930W totally wireless in DECT environment.</p>
